Explanations of Appropriations for "Other Expenses"

The amounts appropriated under the title of "Other Expenses" are for operating costs other than "Salaries & Wages". Some of the items included in "Other Expenses" costs are:

Materials, supplies and non-bondable equipment;

Repairs and maintenance of buildings, equipment, roads, etc.;

The Middlesex County Board of Chosen Freeholders presents the proposed Middlesex County Operating and Capital Budgets for 2016, as well as the Capital Improvement Program for the years 2016 through 2021. The 2016 Budget has been prepared in accordance with the laws and administrative regulations of the State of New Jersey and reflects the continuing goals of the Middlesex County Board of Chosen Freeholders to maintain the very highest level of County services, while, at the same time, minimizing the property tax burden of County Government. This budget reflects the Board's focus on enhancing operational efficiencies and establishing a workforce commensurate with the programs and services offered by the County. This is being done to continue to achieve high quality services that are affordable to our taxpayers.

For 2016, salaries and wages are only 0.06% higher than they were in 2008. Through operational efficiencies, achieved through new technology and organizational restructuring, the County has saved over \$24 million in salaries, wages and benefits since 2009, when the economic downtum took effect. During the same period, the County's operating expenses have remained flat, with an increase of just 1% to 1.5% each year since. That increase is fully attributed to continual cuts in State and Federal aid — areas over which the County has no control.

Some highlights of the 2016 Budget include

2016 Budget appropriations total \$439,544,000. The Board of Chosen Freeholders and Middlesex County department heads have aggressively reduced operating expenses and salaries and wages to ensure taxpayers receive quality programs and services at prices they can afford. The budget appropriations are offset by \$70,581,000 in non-tax revenue. The resulting 2016 County tax levy will be \$368,963,000.

## II. FINANCIAL STABILITY

II. FINANCIAL STABILITY
Middlesex County was once again awarded a AAA bond rating. By increasing retained surplus by \$7,569,959 over the last three years, we ensure that we can continue to complete critical projects at the lowest possible costs as part of our infrastructure Master Plan. We have fulfilled our commitment to increase our surplus funds. We also have not used surplus funds in 2012, 2013, 2014, 2015 & 2016. We also will not use surplus funds in 2016 to close budget gaps.

In 2014, Middlesex County became the first county in the State to authorize by Freeholder Resolution a Debt Policy and a Fund Balance Policy, which have resulted in an approximate savings of \$172 million in debt since 2013. The goal of the Debt Policy is to maintain and overall level debt service pattern: as the County goes out for bonding, it will retire older debt. Whereas the Fund Balance Policy represents an available resource that can be used to meet working capital requirements, emergency expenditures and afford transition due to systematic changes in revenues and expenditures to ensure continued orderly functioning of government despite these financial changes. Middlesex County established a target fund balance of 10 percent of the previous year's operating expenditures. As part of the annual budget process, amounts in excess of the target that are used in the budget are considered "non-recurring" revenues and will be allocated or budgeted to, among other things, purchase capital assets with a useful life of five years or more, fund other reserves or provide direct tax relief and not to support increased operating expens

## III. EFFICIENCY AND PRODUCTIVITY

III. EFFICIENCY AND PRODUCTIVITY

The Board of Chosen Freeholders recognizes that reducing expenses alone is not enough to ensure a responsible budget, nor does it give a solid foundation for 2017 and beyond. To that end, the County continues to aggressively seek new revenue sources. It is building on its successful Shared Services initiatives with Gloucester, Mercer, Monmouth and Somerset counties that generate nearly \$4 million each year in revenue for Middlesex County. The Freeholder Board also has Shared Services agreements in place with its municipalities. Among them: The County Fire Marshal's bureau manages Uniform Fire Safety Inspections for several towns. Middlesex County will finalize in 2016 the installation of an 800 megahertz Simulcast Radio System that will provide all Middlesex County police and emergency responders with the ability to communicate in a coordinated, organized and systematic fashion. It also will afford any municipality in the County the opportunity to seamlessly integrate into the new system. This Shared Service agreement will serve to provide a cost savings to any participating municipality. Middlesex County's solar panel field, a major component of its Sustainable Energy Master Plan, provides 100 percent of the power needs of the County's North Brunswick complex. It was built at no cost to the County, and has saved more than \$2.5 million in energy costs since being brought online in the spring of 2013. It is anticipated that the County will continue to save \$1 million in utility costs annually for the next 12 years.

In an effort to reduce rising health care costs and raise the quality of life of our employees, Middlesex County has begun the Partners in Care program, through which employees with or at risk of having chronic diseases (heart disease, hypertension, diabetes, etc.) will work with physicians to address the problems early or before onset so they receive more effective and preventative care. Partners in Care is running simultaneously with the Employee Wellness Program,

And services for residents and businesses and save taxpayer dollars.

Over the next 12 months, the Freeholder Board will monitor all programs to further its effort to reduce the size and cost of county government, while ensuring citizens receive the quality services they need and deserve. The 2016 Middlesex County Operating and Capital Budgets should result in this County maintaining its high bond rating.

### 2016

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

**CAPITAL BUDGET** 

A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

No bond ordinances are planned this year.

A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

6 years. (Over 10,000 and all county governments)

years. (Exceeding minimum time period)

CAPITAL IMPROVEMENT PROGRAM -

## NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The following is a summary of the Capital Improvement Budget for the year 2016 and the Six Year Capital Program, 2016-2021. The projects listed in the Founding Amount for Budget Year 2016 have received financing approval from the Board of Chosen Freeholders. The project amount for the 2016-2021 are still in the planning and consideration stages.

The proposed 2016 projects total \$34,524,000 a decrease of 18% percent from 2015. This appropriation will enable Middlesex County to proceed with

many important and critical projects this calendar year. The appropriation for these projects is being accomplished by the sale of general obligation bonds. Funding for numerous road and bridges projects account for 46.7% percent of the total 2016 Capital Budget, emphasizing the County's continuing commitment to improve and accommodate traffic flow and general circulation. The park system will continue undergoing major renovations.
