BUDGET MESSAGE

BUDGET MESSAGE

The Middlesex County Board of Chosen Freeholders presents the proposed Middlesex County Operating and Capital Budgets for 2019, as well as the Capital Improvement Program for the years 2019 through 2024. The 2019 Budget has been prepared in accordance with the laws and administrative regulations of the State of New Jersey and reflects the continuing goals of the Middlesex County Board of Chosen Freeholders to maintain the very highest level of County services, while, at the same time, minimizing the property tax burden of County Government. This budget reflects the Board's focus on enhancing operational efficiencies and establishing a workforce commensurate with the programs and services offered by the County. This is being done to continue to achieve high quality services that are affordable to our taxpayers.

For 2019, salaries and wages are at an approximate 3% increase. Through operational efficiencies, achieved through new technology and organizational restructuring, the County has saved over \$40 million in salaries, wages and benefits since 2009, when the economic downtum took effect. These efficiencies and restructuring have also had an effect in operating expenses. In 2019 operating offices were reduced by over three million dollars or 7%. Some highlights of the 2018 Budget include:

I. 2019 OPERATIONAL EFFICIENCIES
2019 Budget appropriations total \$485,101,000. The Board of Chosen Freeholders and Middlesex County department heads have aggressively reduced the rate of growth of operating expenses and salaries and wages to ensure taxpayers receive quality programs and services at prices they can afford. The budget appropriations are offset by \$83,399,000 in non-tax revenue. The resulting 2019 County tax levy will be \$401,702,000.

II. FINANCIAL SHALLITY MIGHEN AND A STANDAY AND A STANDAY

In 2014, Middlesex County became the first county in the State to authorize by Freeholder Resolution a Debt Policy and a Fund Balance Policy, which have resulted in an approximate reduction of \$237 million in debt since 2013. The goal of the Debt Policy is to maintain an overall level debt service pattern: as the County goes out for bonding, it will retire older debt. Whereas the Fund Balance Policy represents an available resource that can be used to meet working capital requirements, emergency expenditures and afford transition due to systematic changes in revenues and expenditures to ensure continued orderly functioning of government despite these financial changes. Middlesex County achieved a target fund balance of 16% of the previous year's operating expenditures. As part of the annual budget process, amounts in excess of the target that are used in the budget are considered "non-recocurring" revenues and will be allocated or budgeted to, among other things, purchase capital assets with a useful life of five years or more, fund other reserves or provide direct tax relief. It will not be used to support increased operating expenses.

III. EFFICIENCY AND PRODUCTIVITY

III. EFFICIENCY AND PRODUCTIVITY
The Board of Chosen Freeholders recognizes that reducing expenses alone is not enough to ensure a responsible budget, nor does it give a solid foundation for 2019 and beyond. To that end, the County continues to eliminate one-time, non-reoccurring revenue sources and replace them with stronger reoccurring shared service agreements. These agreements comprise 24% of the Special Items of Revenue, or over \$10,000,000, and build on the successful Shared Services initiatives with Gloucester, Mercer, Monmouth and Somerset counties. The Freeholder Board also has Shared Services agreements in place with its municipalities. Among them: The Health Aid Services and GIS Tax Mapping Services agreements. Such Shared Service agreements will serve to provide a cost savings to any participating municipality.

Middlesex County's solar panel field, a major component of its Sustainable Energy Master Plan, provides 100 percent of the power needs of the County's North Brunswick complex. It was built at no cost to the County, and has saved more than \$4.5 million in energy costs since being brought online in the spring of 2013. It is anticipated that the County will continue to save \$1 million in utility costs annually for the next 8 years.

We continue to reduce rising health care cost and raise the quality of life of our employees. We continue to provide our Employee Wellness Program, aimed at helping employees improve their health and wellbeing through smoking cessation programs, nutrition and exercise coaching and other lifestyle changes. Based on the performance of these types of programs within the private sector, the County anticipates a significant reduction in health care costs. The following is included in 2019 budget:

Employee Contributions \$8,369,335

Employer Share \$62,587,381

Total Benefit \$70,956,716

As demonstrated, County policy requires employees to contribute toward employee health care benefits. This reduces these mandated costs by \$8,369,335, bringing the total employer cost of health benefit coverage from \$70,956,716 down to \$62,587,381. Through its austere fiscal practices and policies, the County will continue to focus on ways to reduce its costs. Over the next 12 months, the Freeholder Board will monitor all programs to further its efforts to reduce the size and cost of county government, while ensuring citizens receive the quality services they need and deserve. The 2019 Middlesex County Operating and Capital Budgets should result in this County maintaining its excellent bond rating.

The amount allocated in the 2019 budget by the State's Property Tax Relief Program for the Division of Child Protection and Permanency is \$3,693,090 and is appropriated for accordingly in the 2019 budget.

The Division of Mental Health and Addiction Services (DMHAS) State Psychiatric Hospitals: County Cost \$6,845,552

County Revenue \$15,972,956

The Division of Mental Health and Addiction Services (DMHAS) Costs Patients in Rutgers University Behavioral Health Care (RUBHC):
County Appropriation \$1,561,990
County Revenue \$1,093,393

Division of Developmental Disabilities (DDD) Costs:

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM
This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

☐ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.

CAPITAL IMPROVEMENT PROGRAM

☐ No bond ordinances are planned this year.

A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

6 years. (Over 10,000 and all county governments)

years. (Exceeding minimum time period)

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The following is a summary of the Capital Improvement Budget for the year 2019 and the Six Year Capital Program, 2019-2024. The projects listed in the Founding Amount for Budget Year 2019 have received financing approval from the Board of Chosen Freeholders. The project amount for the 2019-2024 are still in the planning and consideration stages.

The proposed 2019 projects total \$63,500,000 and decrease of 5.1% percent from 2018. This appropriation will enable Middlesex County to

proceed with many important and critical projects this calendar year. The appropriation for these projects is being accomplished by the sale of general obligation bonds.

Funding for numerous road and bridges projects account for 50.6% percent of the total 2019 Capital Budget, emphasizing the County's continuing commitment to improve and accommodate traffic flow and general circulation. The park system will continue undergoing major renovation
