**N.J.S.A. 19:61-9: AUDITS OF ELECTION RESULTS November 8, 2022**

**General Election Audit Date: November 29, 2022**

The Middlesex County Board of Elections (BOE) performed a post-election audit consistent with the provisions of N.J.S.A. 19:61-9 and the guidelines promulgated by the New Jersey Secretary of State's Office on Tuesday, November 29<sup>th</sup>. The BOE conducted a hand-to-eye count of the voter-verifiable paper records for the November 8, 2022, General Election for the offices of United States House of Representatives, State Legislative District 12, Middlesex County Sheriff, and local mayor or council contests. The County Commissioners, Board of Education elections and public questions were excluded from the audit.

Pursuant to the statute, "the audit shall be conducted in at least 2% of the election districts in which each audited election appears on the ballot." The guidelines provided for this audit requires 2% of audit units if there are 100 or more election districts within the legislative district; or 2 audit units if there are fewer than 100 election districts within the legislative district to be randomly selected.

Audit units included: voter verified paper audit trails from each voting machine, vote by mail ballots by municipality / ward; and provisional ballots by municipality / ward. In total, there were 1090 audit units created.

There are two congressional districts in Middlesex County: the New Jersey 6<sup>th</sup> Congressional District and the New Jersey 12<sup>th</sup> Congressional District. A 2% audit of the units for the 6<sup>th</sup> Congressional District required 12 batches to be audited. 2% of the audit units for the 12<sup>th</sup> Congressional District required 9 batches to be audited.

As provided for in the statute, the following audit units were randomly selected for audit on Tuesday, November 28, 2022, at 2:00 pm at a publicly noticed meeting:

In each district, the hand to eye audit was 100% consistent with the machine tally. The audit did not result in a change in the number of votes counted for any candidate. The voting machines do not allow for overvotes. Any paper ballot which contained an overvote for a particular contest recorded it as an overvote but did not count a vote. Undervotes were recorded by the vote tabulation system and were reconciled during the audit.
