Live Cooking Demonstration

with **REPLENISH**

Join Chef Sank from [@EatKraveLove](#) and [Share Your Foodways](#) (and a special guest chef!) for a live cooking demonstration and food tasting at the REPLENISH distribution center.

You'll learn how to use pantry staples in new and creative ways! Did you know that you can use matzoh to make pizza, mac and cheese, and even lasagna? Learn this and other "food hacks" to reinvent your meals!

[Click here](#) to register and bring a guest from your pantry so they can experience the demonstration too! Please be sure to include your guest's name when you register!

Recipes from the demonstrations will be available electronically and printed copies will be shared with pantries for distribution to guests.

Monday

March 18 at 10am
